OUTSTANDING HERITAGE FUTURE FOCUSED LEARNING

At GEMS Dubai American Academy, we offer our students an enriched American curriculum culminating in the International Baccalaureate Diploma Program and/or an American high school diploma. A focus on the future is embedded throughout the program and provides our students with a world class educational experience, empowering them to become the next generation of leaders, innovators and entrepreneurs. Beyond our rigorous academic program, we prepare our students to lead successful lives through the exceptional diversity of our community and the extracurricular experiences that contribute to the development of the whole person. Through our WISE (Wellbeing, Inclusion, Safeguarding-mental health, Environment) initiatives, we provide students with a holistic education that prioritizes their physical and mental well-being.

“Dubai American Academy helps students grow in knowledge, vision, and kindness to others. Our school community exemplifies learning excellence and habits of inquiry that create lifelong learners and confident leaders. Together, we reach ever higher to brilliant new horizons.”
